

Bogotá, october 15th de 2020

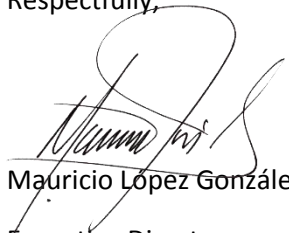

To whom it may concern,

I, Mauricio Lopez Gonzalez in my capacity as legal representative and Executive Director of Global Compact Network Colombia, certify that once we reviewed our systems of information, we found out that the company Ecopetrol S.A. Has been a member since May 13, 2009 and since then until today their status has been Active, ratifying year after year their commitment to the 10 Principles of UN Global Compact.

In addition, in the last seven years their Communication of Progress has been at an advanced level with a compliance of 98%, which shows their commitment and contribution to the 10 principles of UN Global Compact. Furthermore, we can highlight that Ecopetrol S.A. Is member of the Steering Committee of the Global Compact Network Colombia, and the company has participated actively in the Working Groups and other relevant spaces organized by the Local Network. The prior information can be corroborated in this link:

According to official communication from the office in New York of UN Global Compact received on October 5, 2020, it can be certified that by this time it does not exist any negative report of Ecopetrol S.A. in the data base of UN Global Compact.

Respectfully,

Mauricio López González
Executive Director
