### **S&P Global Ratings confirms Ecopetrol S.A.'s BB+ rating, with a stable outlook**

Ecopetrol S.A. (BVC: ECOPETROL; NYSE: EC) (“Ecopetrol” or the “Company”) reports that the rating agency Standard & Poor's (S&P) confirmed Ecopetrol's long-term international rating at BB+, with a stable outlook, and the Company's individual credit rating (Stand-Alone) at 'bbb-'.

The credit rating reflects the stability of the Company's financial results, in line with the favorable oil price environment. Additionally, the rating agency highlights the predictability in revenues and cash flow from the acquisition of Interconexión Eléctrica S.A. and its lines of business into the Ecopetrol Group.

The rating agency considers that Ecopetrol's liquidity position is adequate, given that its cash sources would be at least 1.2 times above the Company's own needs for the next 12 months.

In its rating report, S&P notes that Ecopetrol has an extensive portfolio of projects for the next 10 years and specific decarbonization goals to face the challenges of the energy transition, in line with the plans of the new government.

-----  
*Ecopetrol is the largest company in Colombia and one of the main integrated energy companies in the American continent, with more than 18,000 employees. In Colombia, it is responsible for more than 60% of the hydrocarbon production of most transportation, logistics, and hydrocarbon refining systems, and it holds leading positions in the petrochemicals and gas distribution segments. With the acquisition of 51.4% of ISA's shares, the company participates in energy transmission, the management of real-time systems (XM), and the Barranquilla - Cartagena coastal highway concession. At the international level, Ecopetrol has a stake in strategic basins in the American continent, with Drilling and Exploration operations in the United States (Permian basin and the Gulf of Mexico), Brazil, and Mexico, and, through ISA and its subsidiaries, Ecopetrol holds leading positions in the power transmission business in Brazil, Chile, Peru, and Bolivia, road concessions in Chile, and the telecommunications sector. This press release contains business prospect statements, operating and financial result estimates, and statements related to Ecopetrol's growth prospects. These are all projections and, as such, they are based solely on the expectations of the managers regarding the future of the company and their continued access to capital to finance the company's business plan. The realization of said estimates in the future depends on the behavior of market conditions, regulations, competition, the performance of the Colombian economy and the industry, among other factors, and are consequently subject to change without prior notice.*

*This release contains statements that may be considered forward-looking statements within the meaning of Section 27A of the U.S. Securities Act of 1933, as amended, and Section 21E of the U.S. Securities Exchange Act of 1934, as amended. All forward-looking statements, whether made in this release or in future filings or press releases or orally, address matters that involve risks and uncertainties, including in respect of the Company's prospects for growth and its ongoing access to capital to fund the Company's business plan, among others. Consequently, changes in the following*

*factors, among others, could cause actual results to differ materially from those included in the forward-looking statements: market prices of oil & gas, our exploration, and production activities, market conditions, applicable regulations, the exchange rate, the Company's competitiveness and the performance of Colombia's economy and industry, to mention a few. We do not intend and do not assume any obligation to update these forward-looking statements.*
