

LEGAL DISCLOSURE

This document was prepared by Ecopetrol S.A. (the "Company" or "Ecopetrol") with the purpose of providing the market and interested parties certain financial and other information of the Company.

This document may include strategy discussions and forward-looking statements regarding the probable development of Ecopetrol's business. Said projections and statements include references to estimates or expectations of the Company regarding its future and operational results. Potential investors and the market in general should be aware that the information provided herein does not constitute any guarantee of its performance, risks or uncertainties that may occur or materialize. Actual results may fluctuate and differ from those provided herein due to several factors outside of the control of the Company. Such forward-looking statements speak only as at the date in which they are made and neither Ecopetrol nor its advisors, officers, employees, directors or agents, make any representation nor shall assume any responsibility in the event actual performance of the Company differs from what is provided herein. Moreover, Ecopetrol, its advisors, officers, employees, directors or agents shall not have any obligation whatsoever to update, correct, amend or adjust this presentation based on new information or events occurring after its disclosure. Additional factors that may affect the future results of Ecopetrol are set forth in the section entitled "Risk Factors" in the Company's Report on Form 20-F for the year ended December 31, 2019 and in the Company's other filings with Securities and Exchange Commission (the "SEC"), which are available at www.sec.gov.

This presentation is for discussion purposes only and is incomplete without reference to, and should be viewed solely in conjunction with, the oral briefing provided by Ecopetrol. Neither this presentation nor any of its contents may be used for any other purpose without the prior written consent of Ecopetrol.

Governance

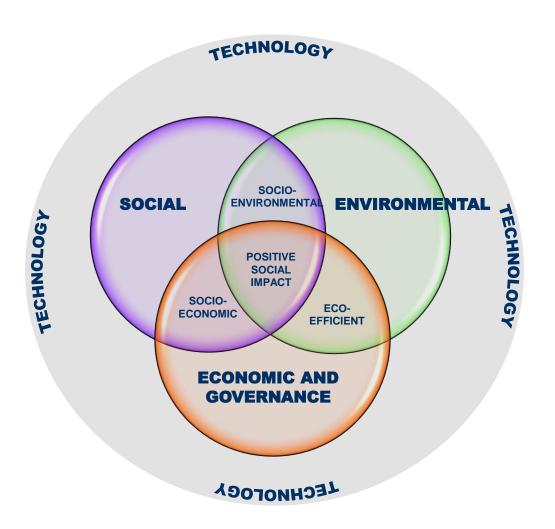

Innovative solutions

Acceleration

Scalability

Existing focus areas reflect our core values and the interests of our stakeholders

LIFE FIRST

- Greenhouse emissions
- · Methane emissions
- Water required in operations and effluents
- Health and safety
- Use of energy and alternative sources
- Management of operational incidents
- · Management of third-party related incidents
- Air quality
- · Biodiversity and eco-systemic services
- Environmental protection and conservation
- Land use
- Circular economy
- · Abandonment of wells and facilities
- Fuel quality

ETHICS ARE NON NEGOTIABLE

- Transparency and prevention of compliance risks
- · Business ethics and risk culture
- Disclosures

LISTEN WITH RESPECT, SPEAK WITH CLARITY

- Labor standards
- · Diversity and inclusion
- · Attract, develop and retain talent

PASSIONATE ABOUT EXCELLENCE

- Corporate governance
- · Crisis management system
- Integrated management system
- Public policy

WE ARE ONE TEAM

- Human development in the territories
- · Management of property rights
- Cultural heritage (ethnic and archeological)
- · Supply chain management
- Access to information and citizen engagement

THROUGH INNOVATION, THE IMPOSSIBLE BECOMES POSSIBLE

- Cybersecurity and cyberdefense
- Alignment with the Misión de Sabios (Mission of the Wise)
- Technological solutions focused on material components

Ecopetrol has a longstanding commitment with Colombia's socioeconomic development

Over the last year we have made a clear commitment to decarbonization and water protection

BASELINE

Current emissions 11.2 MTCO2e per year

Production 46%

Midstream 2%

Downstream 52%

Reduction by 2030:

20% CO₂e

in line with Colombia's emission reduction targets (NDC)

Cumulative emission reduction of

3.0 MtCO₂e by 2023

Generation capacity in renewable energies by 2023

~400 MW
New target

reduction in demand of 3% (25 MW) by 2022 vs 2017

ZERO routine flaring by 2030

Flaring reduction from 45 MCFD in 2017 to ~10 MCFD in 2022

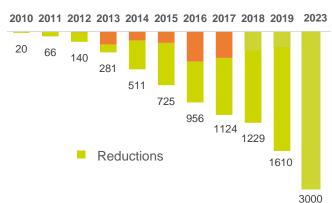

Fugitive emissions and venting (CH4) management

Nature-based solutions for **capturing CO₂**

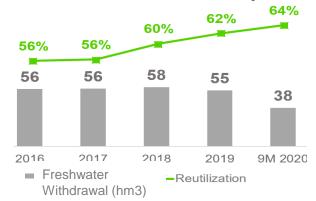

Reduction of Greenhouse Emissions (KtCO2e)

Offsetting GHG emissions

- Deforestation prevention
- Forest restoration
- Reforestation on agricultural land

Water reutilization and capture

Decarbonization criteria in portfolio allocation

Scope 1 + 2 focus

Strong corporate governance aligned with TESG objectives

TESG

as a percentage of Ecopetrol Group's BSC*

45% of employees' variable compensation for 2020 is tied to TESG targets*

Board of Directors

Responsible of monitoring and approving the Group's strategy
